Mr. Stanley Winters  
26 Stanley Avenue  
Newark 8, N. J.

Dear Mr. Winters:

I have just received the Clinton Hall Council's Calendar, and the accompanying informative memorandum. I expect to be here in Florida until about March 24, so I am afraid that I shall miss some interesting meetings.

If there are any developments significant enough to make Robert Trent Savings & Loan representation or participation essential, please get in touch with Miss Mera Stein, our executive vice president, at 530 Clinton Avenue, and she will arrange to have some one attend.

I mentioned the "Our Turn" exhibit in our telephone conversation just before I

left for Florida. Have you any notion what  
will happen to the Clinton Hill visual  
demonstration of improvements, when they get  
ready to dismantle it? I think it would  
be wonderful if we could get it for exhibiting  
at our headquarters; at least the four-  
dimensional "shadow-box" portion of it.  
Certainly our members would be interested  
in seeing it so conveniently.

More progress seems indicated by the  
material you sent me. I shall be  
glad to participate in the activities  
as soon as I get back.

My best to you and all of the Council's  
officers.

Ever sincerely,

George J. Baum

P.S.:- Sorry about my wretched longhand; this is  
my first trip to Florida in five years without  
bringing along a typewriter.
